Hi Eric,

I just spoke with Neil, I told him you need to use 2 Multirae Pro's. Neil would like to know how long do you need these instruments for? Our concern here is, we are running low on them and if we give you 2 we will only have 2 here for response. Can you get away with using only one instrument?

Please advise
Regards
Rich

Hi Rich. How are you doing? Any shows coming up?

Weston will be mailing the tough book laptop to our attention. I will look into what to do from there with IT people. That was the unit we took and used for the Ludlum 3030 but got the blue screen of death.

Can you ship me two Multi Rae units? Same Niagara Falls Boulevard Site. Thanks
